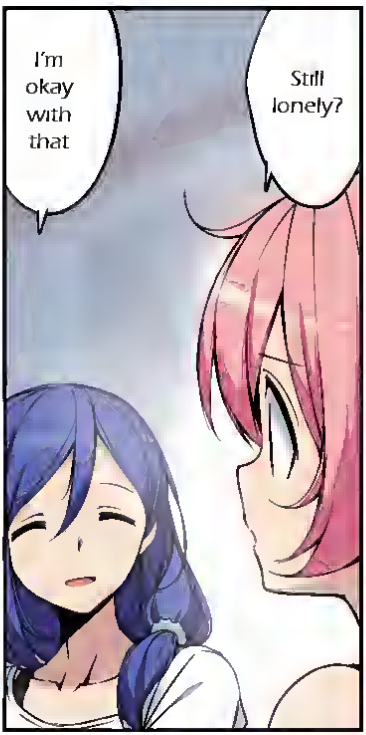
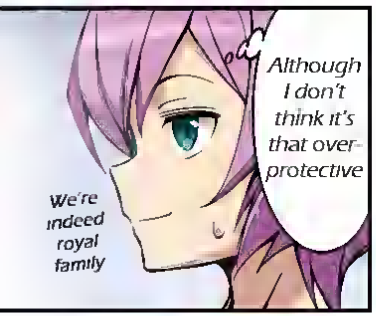
Have you gotten used to living by yourself now,
Aoi nee-san?

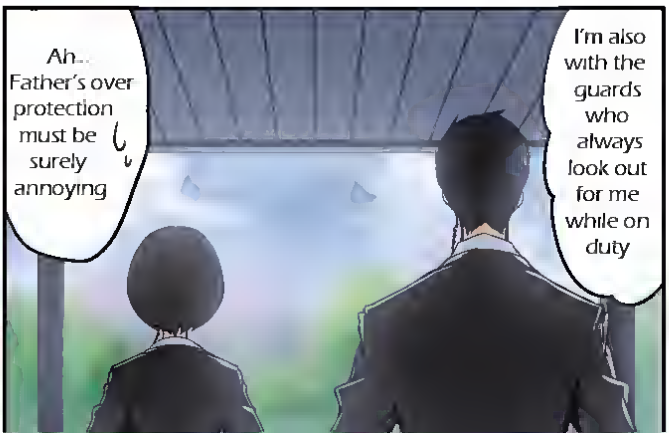


I'm okay with that
Still lonely?

Hmm... I wonder...



Although I don't think it's that over-protective
We're indeed royal family



Ah... Father's over protection must be surely annoying
I'm also with the guards who always look out for me while on duty

Really?
That's right! At first, Haruka said he wanted to take it,

The Clone of Wrath

Hair: Twin tails upto shoulders
Tough and easily angered
Strong sense of justice

## 3 Levi
The Clone of Envy

Hair: Right Side Tail (Still keeps a lot of hair on left)
Has deep jealousy

Being most logical she acts as the leader of the clones. She doesn't deny the fact she has pride in her loyalty and looks down on others

Her intellectual. She's a good girl, but always tries to solve the problem in violent ways. She's like a delinquent with good heart

She seems rudest at first. Only says things that tackles other's weakness. But she always thinks for the sake of original Misaki. Gets embarrassed when someone points this out

## 4 Shaura
The Clone of Lust

Hair: Tied Hairs leaning forward
Full of sexual appeal
Big Sister-like Figure

Full of dirty jokes. She loves Haruka so much that she always asks for physical contact with him

## 5 Bubu
The Clone of Gluttony

Hair: Downed Twintails

Doesn't talk a lot

She's a mysterious creature whom no one can guess what she has in her mind. Although she's quiet, she gets excited if it involves eating

## 6 Inari
The Clone of Avarice

Energetic and Bright. As her own Face

Although she seems to stand on her own, she has zero consideration for others. She's fine as far as it can entertain her

## 7 Bell
The Clone of Sloth

Hair: Sleepy Misaki with Blue Hair

Always looks sleepy and dozing out. Does nothing on her own. Does nothing when someone asks

* About the initial design
She was originally drawn as a mature girl like Aoi or Kanade to fit her age of 17 but she was changed to a lady who's too naive to know about the world.

## Angelica White Rose

Age 17 (Same Grade as Misaki and Haruka)

Has two brothers. Her mother passed away due to illness when she was young. She isn't in a good term with her father. She has a strange obsession with Akane almost crossing that level of a friend. Only her name appeared in Volume 1.

[Power] Restoring Memory (Reprieveless)

She can restore things like broken items based on her memory of it. For such reason, she is unable to restore it if she can't remember how it looked like. Also it seems that there is another condition to activate her power.
